This workbook belongs to: _____

Themes follow the Grade 2 social studies ideas (communities, needs and wants, Canada and the world, rights and responsibilities). Not affiliated with Kumon.

A Note for Parents & Teachers

How to use this book

A picture-first book (very little reading)

- Every question uses **pictures**: circle the letter under the right picture, name a picture, count, read a map or graph.
- Read each short question aloud at first. Then let your child lead.
- Talk about the pictures. Ask “What do you see? Where have you seen this?”

The weekly rhythm (about 12 weeks, 5 days a week, 10–15 minutes)

- **Lesson day:** look at the picture page together and try the two questions.
- **Days 1–4:** two practice sheets a day (Sheet A, then Sheet B with new pictures).
- **Day 5:** mixed review, then a **Draw it!** box. Let your child draw and tell you about it.
- **Goal:** 90% or better. Check with the answer key and fix any mistakes together.
- Take the Check-Up after Unit 5 and the Final Test at the end.

Make it real

- Walk around your neighbourhood and spot the places and helpers in this book.
- Look at a real map. Find north, a park, and your home.
- Count real coins and talk about needs, wants and sharing.
- Talk about how your family celebrates and what makes your community special.

About the levels: Kumon’s own pages do not match its levels to school grades. The units follow the main Grade 2 social studies ideas as published for BC: how communities meet needs and wants, Canada’s diverse communities and cultures (including First Peoples), and rights and responsibilities. Unit 10 (past, present and time) is **enrichment**. Please check your own curriculum for exact wording. Levels rise from **Starter** (Units 1–3) to **Building** (4–6), **Stretch** (7–9) and **Challenge** (10).
