A Note for Parents & Teachers

How to use this book

The method (small steps, repeated until mastered)

- **Tiny steps.** Each sheet is only a little harder than the last, so a child almost always succeeds.
- **Sounds first, then words, sentences, stories.** Units 1–3 build phonics, Units 4–7 build grammar and word skills, Units 8–10 build reading and writing.
- **Ten short sheets per skill.** Two sheets a day (Sheet A, then Sheet B with new words on the same skill) build accuracy and fluency.
- **Correct every mistake.** Check with the answer key and let your child fix each wrong answer.
- **Read aloud daily.** Add 10 minutes of reading together every day. It makes every unit stronger.

The weekly rhythm (about 12 weeks, 5 days a week, 10–15 minutes)

- **Lesson day:** read the lesson together, study the examples, do “Try it yourself”.
- **Days 1–4:** two practice sheets a day. Write the time at the top of each sheet.
- **Day 5:** mixed review sheets. In Unit 10, Day 5 is a writing challenge.
- **Goal:** 90% or better. Below 80%? Repeat the sheet tomorrow (print a spare copy first).
- Take the Check-Up after Unit 5 and the Final Test at the end.

About open-ended answers

- Reading and writing questions often have more than one good answer. The answer key gives a **sample**; accept any answer that makes sense and is a complete sentence.
- For writing, use the checklist: capital letters, end marks, complete sentences, and neat spelling.
- Praise effort first. Stop before frustration builds.

About the levels: Kumon’s own pages do not match its levels to school grades, so this book follows the Common Core Grade 2 English standards (listed per unit on the next page) and rises from **Starter** (Units 1–3) to **Building** (4–6), **Stretch** (7–9) and **Challenge** (10).
